

**Consultant – Mentor -
Trainer – Facilitator**

**Leaders - Teams -
Projects - Programmes**

Donnie created Team Animation to gather together like minded professionals to rise to the challenge of inspiring leadership in project management. Passionate about delivering value to business he incorporates the latest people, project and change management thinking.

“I can rely on Donnie to deliver flexible, professional and client focused consulting and training” L&D Manager, Professional Services Firm

“Expertly designed and facilitated our change programmes” Borough Commander, Metropolitan Police Service

At his best when:

- Working with teams
- Challenged by complex situations
- Inspiring people and teams to perform
- A lot is expected of him
- Mentoring senior project practitioners
- Challenging people
- Creating innovative solutions in complex programmes

Some of the things you might like to know:

- Has led multi-million pound projects and programmes across a range of sectors as client representative, advisor and supplier
- Has facilitated a series of workshops to create change programmes in complex and political sensitive environments involving multiple external stakeholders for the Metropolitan Police including mentoring the programme managers
- Has developed project management offices and communities for corporate and public sector clients
- Recent consulting assignments have been with Watson Wyatt, EPSRC, CSA, Network Rail, BP and NDS
- Leads the Association for Project Management (APM), People Specific Interest Group, which is leading the way on people focused PM.
- Is an active member of the APMs Policy Unit where he is sought for his expertise on the people and organisational aspects of deploying and leveraging the business benefit of project management
- Donnie is a sought after presenter and facilitator by corporates and professional organisations and writes extensively in professional journals
- He has experience of developing functional and behavioural competency frameworks.
- Is a Certified Practitioner of Neuro-Linguistic Programming and has experience of coaching around 60 people through extensive personal development training undertaken in the last 5 years.
- Has worked for PA Consulting
- Is a Chartered Civil Engineer who swapped the challenge of protecting people from flooding to inspiring people to lead projects
